Board of Directors of the Naples Council on World Affairs:

My name is Wyatt Navarro and I am writing this letter in order to thank you for your generous investment in the advancement of my education via the receipt of the FGCU Outstanding Senior Tuition Award. This scholarship will help me to study Operations Research and Financial Engineering at Princeton University in New Jersey and I look forward to utilizing the benefits of my college education to augment the Southwest Florida community in the future.

I have greatly enjoyed attending the SWFL Model United Nations conference throughout the four years of my high school tenure and I hope that the lessons I learned from my participation will continue to be passed down to the next generations of delegates that attend. Thank you for coordinating such an educational and interesting event and for providing me with the invaluable opportunity to practice the art of public speaking and debate.

Finally, I greatly appreciate your contribution to my education that will hopefully lead me to my professional passion and calling. Thank you for everything you have done to advance and augment my high school tenure and educational career. Your generosity has not gone unnoticed.

Best regards,

Wyatt Navarro
